IMMEDIATE PAST DISTRICT DIRECTOR MESSAGE

Fellow Toastmasters,

When I first imagined being District 46 Director, I saw possibilities in a city that does not sleep. Being district director after the District 46 reformation and during the COVID 19 pandemic was very challenging.

The District 46 theme for 2020-2021 – “Changing Lives Together” – was very ambitious. Identifying committed teams and passionate Toastmasters was a major task for me, and with a shared mission and vision, we reimaged District 46 and created the next new normal.

Thank you to all the district leaders for being a transformative community and joining forces as we served and changed lives together. We have experimented together and reimaged how best to help our fellow members and club leaders together. Leading during Covid-19 pandemic has brought many challenges. We have lost loved ones, we have acknowledged and offered sympathy. We have all worked so closely over the last year, so we feel as a family.

To all past District 46 directors, thank you for your continuous support, for joining the 2020-2021 District 46 Advisory board, and your involvement in making a new start in District 46.

The virtual environment allowed District 46 to successfully carry out the club officer training activities and speech contests, run a District 46 Leadership recognition program, celebrate our 65th anniversary, and honor long-serving members. In addition to the Winter Leadership event, we had a Corporate Summit with distinguished guests from around the world. Together, we have reinvigorated the use of existing media and introduced new communication tools, such as Instagram and podcasting. Great teamwork with inspiration from great Toastmasters mentors and leaders has allowed the new District 46 to continuously connect distinguished club performance to people and start documenting change in people (DCP). We all should be proud of the 52 clubs, 15 Areas and three Divisions have reached a distinguished status and above. District 46 ended the year with 116 clubs with no net loss. District 46 also remained number one in region 9 in terms of paid clubs and membership payment and we are number 29 in the world in terms of paid clubs. Club officers, district leaders and each one of you contributed to this result.

Thank you for giving me the honor to serve as your district director. Your trust and support have challenged and inspired me to work harder and go forth with confidence to serve all the members in District 46. I wish you all health, happiness, joy, and peace as we enter a new Toastmasters year.

To your success,

Patricia Kidwingira, DTM
Immediate Past District 46 Director

DISTRICT DIRECTOR MESSAGE

Fellow Toastmasters,

Congratulations to all clubs and members who are listed in this journal. Almost 45% – 52 clubs – achieved distinguished or higher status in the distinguished club program (DCP). But more importantly, every point in the DCP documents changed people (also abbreviated as DCP). This past year, probably more than ever during a year where personal circumstances were exceedingly difficult, Toastmasters was a regular watering hole of solace, support and continued growth.

Thank you to all the district leaders, program quality team members and club officers as well as all members who helped clubs achieve their mission of providing a positive learning experience in which members are empowered to develop communication and leadership skills, resulting in greater self-confidence and personal growth.

In the upcoming year we want to continue changing lives together here in District 46. Join me and the new leadership team on this journey where we help people realize their potential. In the quest to have even more clubs achieve excellence, we want to recognize positive, incremental improvements. We want to encourage “caring conversations” where we come from a perspective of offering help, rather than just chasing dashboard results. In other words, we want to see the DCP as documentation of changed people, and the DCP (distinguished club program) should follow automatically.

As this year’s district director I cannot do it alone. I am very happy to share this journey with Evelyn Marrero and Osama Tawi as part of the trio – as program quality director and club growth director respectively – and the many other leaders who have already volunteered to assist outside of their clubs. Thank you to the experienced past district and club leaders who keep on giving back in an inspiring way and thank you to every club member who creates a safe space of encouragement where everyone can find their own voice.

May the journal next year be double as thick as this one, as more people realize their potential through Toastmasters.

Jan-Paul Roodbol | DTM, IP4, PM5
District 46 Director, 2021-2022

PROGRAM QUALITY DIRECTOR MESSAGE

My wonderful Toastmaster friends,

We began the Toastmasters 2020-2021 year last July with hope and expectation. The hope that the pandemic we were in would be swiftly dealt with and the expectation that by fall 2020 we would all be meeting on site, and life would be back to the normal we once knew. As it turned out, the pandemic lasted longer than any of us expected and many of us are still working remotely or sadly out of work. We have a new normal and despite the hardships and heartaches, we have shown our resiliency once again.

As Toastmasters we discovered that we could still have human connections that empowered us to forge ahead. Through some initial difficulties we learned how to use technology to continue having meetings, contests and conferences. More importantly we continued to grow, learn and progress so that our life journey took on an entirely different meaning.

Toastmasters International proved agile in providing us with the necessary tools to improve our online presentations and appearance. Through Zoom meetings, webinars and podcasts we realized that we were only scratching the surface of our potential. There is so much more to do and learn.

Through District 46, Toastmasters is at the forefront to help all its current and future members become better communicators and leaders on any platform, using any media and technology. We are a truly global organization that seeks to use our talents and diversity to improve the world around us...one Toastmaster at a time.

As we close the 2020-2021 year, we are stronger and more knowledgeable. We know that whatever comes next, we are prepared and will face any adversity, energized, united and with courage, because we are Toastmasters.

I sincerely wish all of you continued success in your Toastmaster journey and may God bless you all.

Always at your service,

Evelyn Marrero, DTM
Club Growth Director, 2020-2021
Program Quality Director, 2021-2022
District 46

CLUB GROWTH DIRECTOR MESSAGE

Fellow members and leaders,

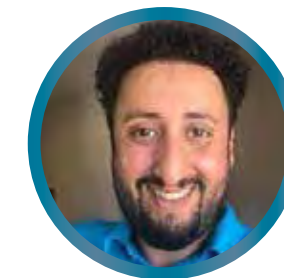

As the new Toastmasters year begins, we begin many journeys in our life. This year will end and most of us will have had great changes in their lives whether it's professionally, personally or even in Toastmasters. We rarely hear about achievements that were reached by coincidence or luck but we always hear about the ones that were a result of relentless hard work, extra time spent and A LOT OF PLANNING!!

I'm sure many of you have goals in your minds and aim to achieve them soon while others have ideas they've kept for themselves for so long and hope one day they'll see them achieved in real life. This is the best opportunity to write down your goals and plan how you'll achieve them by June 30, 2022.

Writing down your plans makes all the difference! When they're written they become real and when your plan is in front of you you'll get motivated to achieve it. When you face any difficulties, you'll remember why you want to achieve it. I encourage you all to start this and tell me (and the world) by the end of this Toastmasters year what your goal was and how you achieved it or which parts of it did you achieve.

I'll start myself and commit to two goals this year. The first is to achieve my third DTM regardless of any other commitments I might have in Toastmasters or personally. My second goal is to pay off my student debt and become free of this burden that has haunted me for longer than I want. These are two ambitious goals and even if by the end of the year I only achieve parts of them I'll still stride to continue my journey towards them until the last day!

Now, who's with me? What's your goal? How will you achieve it?

Osama Tawi, DTM
Club Growth Director, 2021-2022
District 46

Today is a new day. As the maverick First Lady Eleanor Roosevelt once said, "With the new day, comes new strength and new thoughts."

In New York City, many places are opening up, people are going back to the office in one way or another, a sense of normalcy is taking hold. This is a good feeling. In the Toastmasters community, we are also looking forward to a new normal. Moving from seeing each other virtually, to seeing one another in person. Delivering speeches both online and in person. Traveling outside the four corners of our home.

I hope you are excited as I am with the possibilities that lie ahead for our district because, as you know, this month also marks the new Toastmasters year.

On this new day of the new year, as we welcome the new set of leaders in our district, it is of utmost importance as well to celebrate the outgoing officers. Their hard work, dedication and determination to serve our members are the proof of how Toastmasters develops our leadership abilities. On this new day of the new year, we are also celebrating clubs in our district who have worked so hard to provide support throughout this unusual year. And on this new day of the new year, we are also celebrating our members who have achieved awards that proved their commitment to their growth and development during the past Toastmasters year.

On this new day of the new year, our theme for this year's event is "Turning the Page." The past year has taught a lot of lessons about the true value of our health, our family and ourselves as well as the importance of a supportive community. Like most people, I too, have leaned on my Toastmasters club to help alleviate the uncertainties happening around us. My fellow Toastmasters became my support group in the most trying times of our lives.

On this new day of the new year, I hope that today's event will inspire you to become even better than your best. I am grateful to all the members of the organizing committee for the time and effort they have given to participate in this event. It has been a joy to get to know and work with each and every one of you. Thank you for that.

On this new day, and in this new year, may all our lives be filled with joy and happiness.
